## GENERAL CERTIFICATE

---

LAFFORT certifies that **ALL THE PRODUCTS OF THE LAFFORT MARK:**

### 1. REGULATORY COMPLIANCE

comply, in the context of their regulated use in oenology, with European regulations according to Regulation (EU) No. 2019/934 as an additive or technological aid, as well as at the international level according to the specifications of purity and identity of the Oenological Codex and the Code of Oenological Practices of the International Organization of the Vine and Wine (OIV).

are, within the framework of their regulated use in oenology, suitable for the elaboration of wine products.

comply with the specifications detailed in their data sheets.

The ISO 22000 certificate issued to LAFFORT certifies compliance with good hygiene and manufacturing practices (hygiene pack and HACCP approach).

### 2. TRACEABILITY

are traced by a powerful software of traceability (traceability upstream and downstream of each product).

### 3. NOT GMO

Based on the certificates communicated by our various suppliers, do not contain, do not consist of, or have not been produced from or by Genetically Modified Organisms (GMOs), within the meaning of Directive 2001/18/EC. These are not foodstuffs or ingredients obtained wholly or partially from genetically modified substrates covered by Regulation (EC) No. 1831/2003; this therefore indicates the absence of cloning.

### 4. NOT IONIZING

do not result from ionizing treatment nor of irradiations.

### 5. NO NANOTECHNOLOGIES AND NON NANOPARTICLES

do not result from the use of the nanotechnologies and do not contain nanoparticles except Siligel and Toxicol.
